Foreword	IX
Conference scientific committee	X
 <i>Innovation in design</i>	
From lean construction to lean design - Experience from real-life projects in Denmark <i>Thomassen, M.A., Sander, D. & Christoffersen, A.K.</i>	3
A framework for the assessment of design constructability <i>Zin, R.M., Che Wan Putra, C.W.F. & Abd. Majid, M.Z.</i>	15
A framework for building design process modeling with parameter-based design structure matrices <i>Pektaş, Ş.T.</i>	25
Innovative construction and design in cardboard <i>van Iersel, T.M.</i>	37
Human vision mimicry for design <i>Alves, N. & Bártolo, P.</i>	47
 <i>Innovative use of IT in design and construction</i>	
A conceptual virtual prototyping model for hybrid concrete structure performance measurement <i>Oloke, D., Olomolaiye, P., Mahdjoubi, L. & Proverbs, D.G.</i>	59
Coping strategies to aid effective Information Technology implementation in construction <i>Stewart, R.A. & Mohamed, S.</i>	69
Determining the optimal cross section of beams <i>Griffiths, D.R. & Miles, J.C.</i>	79
Enhanced decision-making in construction industry by intelligent technologies <i>Ciftcioglu, Ö.</i>	91
A Web-based database system for conceptual integration of free-form building design and production <i>Kocaturk, T.</i>	103
An integrated architecture for concurrent conceptual design <i>Shang, H., Anumba, C.J., Bouchlaghem, D.M., Miles, J.C., Cen, M. & Taylor, M.</i>	111
A framework for investigating human factors issues associated with the implementation of new ICT systems in construction organisations <i>Soetanto, R., Dainty, A.R.J., Price, A.D.F. & Glass, J.</i>	121
Software agents in Internet-based specification and procurement of construction products <i>Obonyo, E.A., Anumba, C.J. & Thorpe, A.</i>	131
Rebuilding e-learning in construction <i>Ahmed, V., Mahdjoubi, L. & Molyneux, S.</i>	139

HyCon: A visual prototyping system to support hybrid concrete design <i>Zhang, X., Goulding, J.S., Sexton, M.G., Aouad, G. & Kagioglou, M.</i>	149
Mobile communications in construction - Trends and prospects <i>Anumba, C.J., Aziz, Z. & Obonyo, E.A.</i>	159
Electronic Document Management Systems in Construction: A project-based case study implementation <i>Stephenson, P. & Turner, P.</i>	169
E-Union: A platform for communicating construction material information between e-commerce system <i>Kong, S.C.W., Li, H. & Shi, J.W.Z.</i>	181
A knowledge based design system <i>Bártolo, P. & Bártolo, H.</i>	193
 <i>Innovative construction technologies</i>	
Procurement and modelling of the observational method for managing geotechnical uncertainty <i>Le Masurier, J., Muir Wood, D., Chapman, T. & Nicholson, D.</i>	205
Condition monitoring of reinforced concrete structures at risk from reinforcement corrosion <i>Ing, M., Austin, S. & Lyons, R.</i>	215
Why stop innovating? Recent weathertightness problems in New Zealand <i>Gjerde, M.</i>	227
Innovative approaches to information and knowledge management for the repair of concrete structures <i>Moodi, F.</i>	235
Lightweight, blast-resistant doors for retrofit protection against the terrorist threat <i>Anderson, M., Dover, D. & Vickers, R.N.</i>	249
Sealed, blast-resistant windows for retrofit protection against the terrorist threat <i>Anderson, M. & Dover, D.</i>	263
 <i>Novel construction and planning and scheduling methods</i>	
Using virtual prototyping to evaluate panelized construction <i>Johnston, B. & Wakefield, R.</i>	279
Evaluation on various forecasting models using Artificial Neural Networks (ANN) <i>Zainun, N.Y. & Abd. Majid, M.Z.</i>	291
Manpower forecasting in construction - Identification of stakeholders' requirements <i>Wong, J.M.W., Chan, A.P.C. & Chiang, Y.H.</i>	301
Environmental priority evaluation for construction planning <i>Chen, Z., Li, H. & Wong, C.T.C.</i>	315
Production scheduling in construction <i>Thiengburanatham, P., Wang, Y., Diekmann, J.E. & Molenaar, K.</i>	325
Environmental quality and the productive workplace <i>Clements-Croome, D.J.</i>	335
 <i>Learning and innovation</i>	
Learning from biological systems <i>Bártolo, H. & Bártolo, P.</i>	345
George Mason University Intelligent Educator <i>Oguejofor, E., Kicinger, R., Popovici, E., Arciszewski, T. & De Jong, K.</i>	355

Innovative approaches to construction and project management

Integrating project management applications as Web services <i>Cheng, J., Law, K.H. & Kumar, B.</i>	367
Clients' feedback and its importance in professional services firms <i>Fong, P.S.W.</i>	377
Utilizing architectural space programming for early cost estimating: A Web-based solution for UAE healthcare projects <i>Abdou, A., Lewis, J. & Radaideh, M.</i>	387
A comparison of risk analysis techniques in construction project management <i>McCowan, A. & Mohamed, S.</i>	401
Using learning curve models to estimate labor time <i>Taemthong, W.</i>	411
Strategic client briefing using performance indicators: A case study <i>Smith, J. & Wyatt, R.</i>	421
A novel approach towards decision-making in the valuation of variations <i>Sutrisna, M., Potts, K. & Proverbs, D.G.</i>	431
Improving safety risk analysis through the application of case based reasoning concepts <i>Goh, Y.M. & Chua, D.K.H.</i>	441
Supporting construction processes using workflow technologies <i>Yeoh, M.L., Chung, P.W.H., Anumba, C.J., El-Hamalawi, A. & Motawa, I.</i>	453
A project requirements definition tool for the AEC industry <i>Hansen, K.L. & Vanegas, J.A.</i>	463

Innovation and industry practice

Determinants of innovations in the building and construction innovation system <i>Bougrain, F.</i>	475
A review of the use of demonstration projects to achieve widespread adoption of innovative practices <i>Gray, C. & Bowman, N.</i>	489
Informal communication networks and the diffusion of innovations in UK construction projects: A research design <i>Larsen, G.</i>	503
Why isn't construction more innovative? <i>Cripps, A.</i>	515
Innovation adoption behaviour in the construction sector: The case of the Queensland road industry <i>Manley, K. & McFallan, S.</i>	525

Innovation in information and knowledge management

Knowledge management and e-business initiatives - Deriving an appropriate synergy for the benefit of the construction industry <i>Vines, M. & Egbu, C.</i>	539
Knowledge management and the strategic development of the architectural firm: A case study <i>Heintz, J.L.</i>	549
Better information management approach for construction joint ventures in China <i>Hao, J.J.L., Scott, D. & Hills, M.</i>	559

Knowledge management for small and medium enterprises - Issues concerning culture and Information Technology <i>Hari, S., Egbu, C. & Kumar, B.</i>	569
A new framework for strategic information systems planning in construction <i>Gyampoh-Vidogah, R. & Moreton, R.</i>	581
<i>Innovative approaches to project delivery</i>	
ConMBSCM: Construction Mobile-Based Supply Chain Management system <i>Lin, Y-C., Lin, S-T. & Tserng, H.P.</i>	597
Relationally integrated value networks <i>Kumaraswamy, M.M., Rahman, M.M., Palaneeswaran, E., Ng, S.T. & Ugwu, O.O.</i>	607
Determinants of trust and relationship commitment in supply chain partnerships <i>Mohamed, S.</i>	617
Improving design fragmentation in the construction industry: Value engineering approach <i>Che Wan Putra, C.W.F. & Ho, B.K.</i>	627
Identifying the issues associated with the optimal delivery of globalised infrastructure services <i>Duffield, C.F., Baldwin, A.N., Wood, D. & Young, D.M.</i>	637
Changing perceptions of value in construction standardisation and pre-assembly <i>Blismas, N., Gibb, A., Pasquire, C. & Aldridge, G.</i>	649
Negotiated design and build: The Malaysian experience <i>Rashid, K.B.A.</i>	661
New capital procurement in the NHS: A case study of Sandwell Healthcare Trust <i>Proverbs, D.G. & Riley, G.</i>	673
Foreign contractors' design-and-build model in China <i>Xu, T.</i>	683
Refurbishment of public housing - The Singapore experience <i>Wong, C.W.</i>	693
<i>Innovative construction processes</i>	
A system's model for maintenance support and decision making in building services systems <i>John, G.A., Loy, H.M., Clements-Croome, D.J., Fairey, V. & Neale, K.</i>	705
Performance metrics to encourage change in the construction industry <i>Melia, K. & Dooley, L.</i>	717
An innovative approach to the assessment of change implementation in construction projects <i>Motawa, I., Anumba, C.J., El-Hamalawi, A., Chung, P.W.H. & Yeoh, M.</i>	729
A model for integrated building design process management <i>Vieira Romano, F., de Oliveira, R. & Back, N.</i>	741
The cultural Web in business improvement - An industrial case study <i>Beatham, S., Anumba, C.J. & Thorpe, T.</i>	749
<i>Indices</i>	
Keyword index	763
Author index	765
