

TABLE OF CONTENTS

Introduction <i>E. Boschi & R.S. Steedman</i>	1
Static geological and petrophysical modelling of reservoir rocks and their surroundings in the northern Adriatic <i>J.E. Lutgert, S.J.M. Van Ratingen, B.M. Schroot & B.C. Scheffers</i>	3
Characterization of the Pliocene gas reservoir aquifers for predicting subsidence on the Ravenna coast <i>D.H. Stright, Jr., A. Settari, D.A. Walters & K. Aziz</i>	19
Field derived compressibility of deep sediments of the northern Adriatic <i>T. Hueckel, G. Cassiani, J.H. Prévost & D.A. Walters</i>	35
Fundamentals of modeling subsidence <i>J.H. Prévost, A. Pecker & T. Hueckel</i>	51
Sensitivity analysis and model type evaluation for subsidence above offshore gas reservoirs <i>J.P. Pruiksma, J.A.M. Teunissen, F.B.J. Barends, B. Orlic & G. Cassiani</i>	65
Subsidence from geodetic measurements in the Ravenna area <i>A.P.E.M. Houtenbos, M.W.A. Hounjet & F.B.J. Barends</i>	79
Numerical techniques used for predicting subsidence due to gas extraction in the northern Adriatic <i>A. Settari, D.A. Walters, D.H. Stright, Jr. & K. Aziz</i>	101
Subsidence induced by gas production: an integrated approach <i>B.M. Schroot, P.A. Fokker, J.E. Lutgert, B.G.H. Van Der Meer, B. Orlic, B.C. Scheffers & F.B.J. Barends</i>	121
Environmental effects of land subsidence induced by gas withdrawal along the Ravenna coast; Part I: Available information <i>F.B.J. Barends, R.S. Steedman & B.M. Schroot</i>	137
Environmental effects of land subsidence induced by gas withdrawal along the Ravenna coast; Part II: Environmental impact <i>F.B.J. Barends, R.S. Steedman, M.B. De Groot, H.G. Knoeff & R. Bijker</i>	153
